

JOB DESCRIPTION

DATE	15 th November 2022	DEPARTMENT	TOD: Carpentry Department
APPROVED BY	Nicolas Hammond Technical Director	REPORTS TO	Head of Carpentry

LEAD SHOW CARPENTER

Reporting to the Head of Carpentry, the Lead Show Carpenter is responsible for leading and managing a team of Carpentry Show Technicians - running show tracks, rehearsals/trainings and works as part of the Carpentry team. The Lead Show Carpenter installs, maintains, and operates show elements and systems in a safe and consistent manner for “La Perle”. Additionally, the employee will participate in the development of operations and maintenance procedures, for all dry and underwater scenic elements that pertain to the Carpentry and/or Technical department.

Roles and responsibilities

- Run the required show tracks.
- Participate in all special projects, including the installation of new carpentry dependent show elements as directed by the Head of Carpentry.
- Inspect and maintain mechanical, pneumatic, hydraulic, and motorized equipment/systems.
- Maintain a flexible schedule for work calls, special events, rehearsals, training, maintenance and evening show performances.
- Be a part of the training set ups during the day shift and may be called upon to facilitate the stage operations.
- Document, monitor and update shop equipment installation specifications, inventory of equipment/spares, and inspection/maintenance records.
- Develop and oversee a regular maintenance schedule and procedures plan for all dry and underwater scenic elements. Participate in such inspections regularly.
- Perform other tasks and projects assigned by the Head of Carpentry
- Help to maintain work and inventory with company CMMS
- Actively work to develop and perform show-rescue procedures and trainings

Qualifications

Education

- College diploma or equivalent experience in related field.

Experience

- Minimum of four years’ experience as a professional stage carpenter.
- Proven leadership skills in an entertainment industry setting.
